Theater

The Barron Spotlighters present:

"A TALE OF TWO CITIES"

Based on the novel by Charles Dickens, set in London and Paris before and during the French Revolution The story depicts the plight of French peasantry demoralized by the French aristocracy in the years leading up to the French Revolution. The brutality demonstrated by the revolutionaries toward the former aristocrats in the early years of the Revolution and unflattering social parallels with life in London during the same period makes for a powerful story.

February 10, 11, 17, 18 – at 7:30 pm & February 12 & 19 at 2:30 pm

We no longer take reservations. Our theater at the BACC provides plenty of seating.
